### 11/14 PT. LIGHT ROMAN & ITALIC

A trek of existential proportions paying small metal coins to use as mirrors in the sun near a foot bridge that spans and why does binding sleep never pause before a bacterium? Yes, my unbelievable wish will flood lower basins. *The book clashes with a trade imbalance and capacity interacts with the metric and my dear reader if they should prevail, the field will be a mistaken union.*

### 11/14 PT. REGULAR ROMAN & ITALIC

A trek of existential proportions paying small metal coins to use as mirrors in the sun near a foot bridge that spans and why does binding sleep never pause before a bacterium? Yes, will my unbelievable wish flood lower basins? *The book clashes with a trade imbalance and capacity interacts with the metric and my dear reader if they should prevail, the field will be a mistaken*

### 9/12 PT. LIGHT WITH MEDIUM

A trek of existential proportions paying small metal coins to use as mirrors in the sun near a foot bridge that spans and why does binding sleep never pause before a bacterium? Yes, my unbelievable wish will flood lower basins. **The book clashes with a trade imbalance and capacity interacts with the metric and my dear reader if they should prevail, the field will be a mistaken union. You see, capacity ducks and the cleared gulp forks an initial mythic perception of state power.** This kind of thing must be shed if larger ideas of statehood and real leadership are to ever gain meaningful currency with the electorate. Opposite the shouting home yawns the psychological disorder that you obviously have. A full shorthand and even if much of this “charade” is indeed
